

BORA-7

27. Sep. 2010 | Rev. No. 0

1. PRODUCTS

- Product Type : BORA-7
- Product Range (Available Grits) : P24 ~ 120

Grit : 24 36 40 50 60 80 100 120 150 180 220 240 280 320 360 400 500 600 800 1000 1200 1500 2000
■ ■ ■ ■ ■ ■ ■ ■

- Backing Material : 100% Polyester(Y-wt)
- Bonding : Resin over Resin
- Grain Type : Premium Ceramic
- Coating State : Super size coating with grinding aid
- Products Form : Narrow & Wide belt / Roll
- Manufactured Width : 1,380mm

2. PRODUCT ADVANTAGE & MAIN PROPERTY

- High grinding performance
- Extended belt life
- Improved productivity
- Less operator fatigue
- Higher cut rates and cooler grinding
- High stretch-resistant and very stable backing material

3. OPERATION / APPLICATION

- Dry & wet grinding in high pressure condition
- To remove burrs from a forgings and castings
- Metalworking , Grinding for weld parts or joints

4. WORK PIECES

- | | |
|---|--|
| - Heavy deburring | - Stainless steel(SUS 400, 300 series) |
| - Air jet blades | - Heat sensitive alloys |
| - Low carbon steel | - Hammer heads |
| - Nickel clad stainless steel plate and rolls | - Nickel alloys turbine blades |

5. AVAILABLE SANDER / GRINDER

- | | |
|--|---|
| - Back stand grinder | - Stationary or portable belt grinder |
| - Stationary or Portable belt grinder | - Conveyorized belt grinder, Centerless grinder |
| - Robotic, Automatic, Semi-automatic grinder | - Off-hand grinder |
